

Progetto Bolide by Tankoa Yachts

OCTOBER 2, 2017 | IN MOTOR YACHTS | BY RENÉ

Tankoa Yachts created project PROGETTO BOLIDE in cooperation with Exclusiva Design.

Exclusiva Design is usually known for designing residentials, offices, public buildings and apartments all over the world. Now it's a sea-going building with an extensive use of glass to bring the outside to the inside. In total: The glass surface has a size of 520 sqm. In addition to the full-height windows, the owner's suite has a skylight to bring more natural light in that area.

Guests can enjoy an extensive exterior area of 600 sqm and 900 sqm interior area. Or they using water toys or the two 7m tenders.

"The approach, flexibility, and executive competence that we've found at Tankoa is truly rare", stated Fabio Mazzeo, Director of Design at Exclusiva. "Tankoa is not looking to produce huge numbers but to concentrate instead on superior quality, the direct consequence of the passion that permeates the entire company. Therefore Tankoa was seen and is seen as the perfect partner for our Progetto Bolide. I would also like to underline that our technical consultants analyzed the performance of the Tankoa 72 and it was determined to be the ideal platform; this also influenced our decision."

Interior

Progetto Bolide features five VIP suites and an owner's suite with ensuite bathroom, gym, spa, dressing room, terrace and Jacuzzi.

About Publisher

Ahoy, I'm René, the 'captain' of this luxury yacht blog. I found my passion for the big ones in 2002 (at the age of 17). I have grown up with sailing since a little child. I have an education in Business Informatics and specialized in digital solutions like Social Media, User Experience, and Social Intranets. Furthermore, I am working as Luxury Yacht Consultant. My home port is in Oldenburg, Germany next to Lürssen and Abeking & Rasmussen.

YachtAid Global is a non-profit organization which delivers aid through a global yachting community
